

TOC – Key Parameter in Industrial Water Cycles

 Recommended areas for TOC monitoring

Learn more:
hach.com/parameters/toc

- 1 Source Water Intake
- 2 Source Water Processing & Treatment
- 3 Pure & Ultra-Pure Water Treatment & Polishing
- 4 Hot Water, Steam & Power Generation
- 5 Laboratory (Environmental, QA/QC, Production Line)
- 6 Cooling Water Conditioning, Make Up Water

- 7 Cooling Water Return
- 8 Condensate Return
- 9 Production Wastewater Discharge & Pre-Treatment
- 10 Sewer Management
- 11 Biological Wastewater Treatment

TOC – Measurement Solutions

Recommended BioTector TOC Analyser Type

-  B3500c
-  B3500e
-  B3500ul
-  B7000
